## **Residential Standard Sprinkler “Master” Plans vs. Specific Residential Sprinkler Plans**

### Residential Standard Sprinkler “Master” Plan Submittal:

There is a \$115 fee for this plan review process. Submit at least 4 copies of plans and 1 calculations and cut sheets. Fill out a residential sprinkler application including **Tract Number, Model Number and K.C. Building Permit Number (K Number)**.

The K.C. Fire Department will approve the plans and keep two sets and the remainder will be returned to the contractor.

- Once the sprinkler contractor has received an approved Residential Standard Sprinkler “Master” Plan from Kern County Fire Department, they can begin to pull Specific Address Permits based on the approved set of plans. The application process for approved Residential Standard Sprinkler Plans involves: Filling out an application for a specific address (being sure to include the **Tract Number, the Model Number, and the K.C. Building Permit Number (K Number)**) and paying the \$340 permit fee.

### Specific Residential Sprinkler Plans:

Submit at least 2 copies of plans and 1 calculations and cut sheets. Fill out a residential sprinkler application listing the specific address of the project and pay the \$340 permit fee. The K.C. Fire Department will approve the plans and keep one of the sets. The other approved set(s) will be returned to the Sprinkler Contractor. (Note: Approved set of plans must be available at all times at jobsite).
